EXTERIOR

The aircraft exterior was painted above the center stripes, including all landing gears and wheel wells in December 2021.

INSPECTIONS

192 MO

INTERIOR

The aircraft is configured with 18 fully belted seats, rated for take off and landing. Delivered with forward galley allows the passengers to enjoy the main cabin with privacy and keeping the entire crew together in the forward area with their own forward lav. The main cabin opens up to four beautiful beige leather seats fully retractable in club configuration with two fully stowable large tables. Followed by an additional club seat arrangement, accompanied by a side facing four place chocolate dark brown leather couch. Moving aft, there is a four place dinette arrangement with a retractable table that can be turned into a bed. The aft cabin is fully enclosed by two stowable doors giving access to a dual two place leather couch that can be turned into a large bed for those long trips with full access to the rear lav.
